## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR MARCH

In fulfillment there is learning; in learning there is fulfillment. There is no graduation ceremony from the school of spiritual enlightenment. As we commit ourselves to the never-ending journey of divine manifestation in our daily lives, we awaken ever-greater possibilities for greater and grander expression, which is the true nature of the Divine itself.

When we have dedicated ourselves to the path of service, we are presented with many opportunities to rise above our former limitations, to expand our vision of who we are and what we can offer the world. It is in our clearest moments of purposeful devotion that we can most enlarge our awareness of divine direction and break through into the most delicate and dramatic revelations of sacred creativity.

If we want to create grand results, we sometimes must be willing to start with seemingly insignificant beginnings. If we can discover uniquely individual ways to nurture even the faintest glimmer of insight or inspiration, and if we will risk taking action with the kind of faith that does not demand complete answers, we can experience rich rewards that exceed our highest aspirations.

It is time for us to be reborn, to reawaken to our most noble potentiality, to move to a higher level of purpose and enlightenment. That journey inevitably begins within the limits of our own personalities, however, and it is through the apparent impediments of our ego-bound shortcomings that we can glimpse the possibilities that are to come. As the fruits of our former accomplishments begin to decay, they help germinate the seeds for a new cycle of personal and planetary existence.

No matter how isolated and forlorn we may feel, we can rest assured that there are always benevolent forces at work which guide and protect our spiritual strivings and our faltering steps along the evolutionary path. As we learn to sacrifice our selfish assumptions about our imagined limitations, We are always responsible for our actions, and our true responsibility is to express the divine impulse in all that we are and all that we do.
