WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR MAY

We may not be thinking or communicating entirely clearly as the month of May begins, but if we are willing to persist in sincere efforts to connect with others, we can experience transformational associations that take us far beyond our expectations. If we simply dare to reveal ourselves in ways that take us past the limits of decorum, we may discover that we have cause for celebration as our souls find their fullest expressions. Whether it is through creativity or through uninhibited passion, when we open ourselves to spontaneous revelation the results can be profoundly powerful.

Little by little this month, like the inexorable but nearly imperceptible process of Winter becoming Spring, our consciousness expands spontaneously to meet the needs of others and the desires of our highest aspirations. We can begin all over again right now, but doing so requires a willingness to summon up our most aggressive and focused energies—if we are truly determined to create a new reality, we will get dramatic results.

It's important for us to stretch beyond our assumptions about ourselves, to transcend the limited beliefs and shallow preconceptions of who we are and what our capabilities are. When we spread our wings, we allow divine grace to flow through us. In the process we confront a single obstacle, however—the inhibiting force of our emotions. As we let go of fear and step past emotional boundaries, we can feel our wings take flight at last.

Throughout this month, if we are diligent and persistent in our studies, if we are faithful in our dedication to true discipleship, we can create the kind of spiritual structure in our lives that permits real insight and evolution. To achieve genuine growth we simply need to break down all of our karmic chores into their most precious atomic components, the precious gems of inspiration, refined expression, and effective action. This task is a demanding and sometimes daunting one, but if we stay focused on the transformative power that inevitably accompanies spiritual unfolding, we can get a glimpse of the real gifts that await us.

THE ART OF SPIRITUAL IDENTITY

“To aim at the best and to remain essentially ourselves is one and the same thing.”

–Janet Erskine Stuart
