WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

“What we are looking for is what is looking.”

- St. Francis of Assisi

THE FOCUS FOR JULY

If we have a clear vision of where we want to go and what we want to achieve, we can enhance our satisfaction and fulfillment, but even if we only vaguely grasp the potential in the moment we can still experience amazing growth. At a profound intuitive level, we already know what our Divine purpose is, and how we are called upon to give it full expression. Now, however, we must break through the veil of our imagined limitations and summon the unstoppable energy of pure love and righteous intention. As we rediscover how to open our hearts, we automatically create the insight and the impetus for planetary transformation.

When we experience the dynamic richness of inspired consciousness, why not celebrate that fact? Our natural state in the full enjoyment of absolute bliss, and we can give that bliss its fullest expression when we allow the waves of pure awareness welling up within us to radiate outward in ever-greater spheres, spontaneously embracing all that we share with others and imbuing it with the sweetness of universal ecstasy.

There are times when the illusion of duality becomes so real, when we allow it to become such a convincing part of our experience, that we actually begin to believe that we are here to overcome an opposite, to conquer evil, or to define a truly moral stance. When we forget the truth of oneness at those times, our greatest gift on our spiritual path is the very polarization we permit—through polarization we inevitably find powerful and compelling magnetism, and through that magnetism we experience Divine Union with ever greater degrees of ecstasy.

When we stop resisting our emotions and let them move within us, we come to understand them not as obstacles to our spiritual growth, but as dynamic vehicles for experiencing our own fullness. With the opening of profound emotional flow we soon discover that we are bold enough to envision greater realities, and before we know it we are manifesting ever more potent expression of who we are as embodiments of the Divine Archetype.
