## WHAT IS IT?

Practical Spiritual Astrology is grounded in the understanding that our aim as consciously evolving humans is not only to remember and reclaim our essential divine nature, but also to manifest that spiritual essence more dynamically and more abundantly in the material world. The sacred knowledge of the heavenly intelligences and their cosmic cycles can guide us infallibly into spontaneous right action and joyful, fulfilled expression of our true selves.

Practical Spiritual Astrology thus brings us daily opportunities for being completely spiritually centered in a consistently resourceful manner that brings out the best qualities in our circumstances, that is completely congruent with our true creative nature, and that is genuinely helpful to others in a multitude of pragmatic, life-affirming ways.

## THE FOCUS FOR SEPTEMBER

Are we being foolish? Perhaps it is a lack of prudence that encourages us to open our hearts in trust, and perhaps we are misguided in allowing that kind of vulnerability into our lives. Even so, however, there are times and circumstances in which defenselessness is really an advantage—after all, how else can we fall in love, and bathe our world-weary fears and frustrations in the river of Divine Romance?

With the coming of the New Moon, we have an opportunity to begin again, to redefine who we are and what we are doing in the world. At a crossroads like this, we obviously want to choose the highest and best expressions of the Divine force that animates our existence, but in making that attempt we confront an inevitable challenge: our egos are constantly at work, trying to pull back into our old self-devaluing attitudes and limiting beliefs. But when we embrace the mirage of our primitive past, loving our old erroneous suppositions as milestones in our evolution, we open up fresh and dazzling possibilities for the present and the future.

When we can rise above the seeming chaos around us and reach the clear, mature conclusion that we are the masters of our own consciousness, we are at last ready to prove ourselves as loving transformers of experience. It is then that a wondrous multiplicity of possibilities opens up before us, giving us opportunities for growth and fulfillment that we never dreamed possible.

We well may ask ourselves, is this an end or a new beginning? As the Full Moon approaches, we can reap the rewards of spiritual discipline and the patient nurturing of consciousness. As we participate in the harvest, however, we are at root connected with a long tradition of Seekers after Truth, whose time-honored strivings are reborn through us today.

There are times when we feel alone and deserted, abandoned by those who we once believed were there to cherish and support us. But in that state of seeming hollowness, of empty vulnerability, our open hearts are ready to receive the perpetually available gift of Divine Love, the abiding spirit that patiently helps us understand that solitude is not separateness—it is an opportunity to experience the underlying unity that sustains our strength and vitality.
